## MARK UP: Photo editing tool

**NOTE:** The mark up tool will alter the look of your original photo. If you want to keep the original photo, make a copy of the photo and use the mark up tool on the copy.

- To begin, take a photo using the iPad CAMERA. 
- Open the PHOTOS APP and choose your photo. 
- Tap on the word EDIT. 
- Tap on the ELLIPSE. (the circle with the 3 dots) 
- Tap on the MARK UP icon. (icon of a pen tip) 

1. Undo and Redo button
2. Pen Tool
3. Highlighter Tool
4. Pencil Tool
5. Eraser Tool
6. Lasso Tool – Tap on the lasso tool, then tap on items you drew to pick them up and move them to another area.
7. Color choices of writing tools, shapes, and fonts.
8. Extra toolbox
  - 8A. Tap to add text to photo. Tap AA to change font style, spacing, etc. (Tap color choice to change font color)
  - 8B. Tap to add signature to photo. Add and delete signatures.
  - 8C. Tap to magnify an area of the photo. Blue dot = bigger magnified area, green dot = higher magnification
